

KASHYAP AJUDIYA

 Kashyap Ajudiya |  +91 7383567059 |  kashyapajudiya11@gmail.com |  Portfolio

PROFILE

Software Engineer specializing in **.NET Full Stack Development**, building scalable web applications using **.NET Core, ASP.NET Core, Angular, REST APIs, and Azure**. Experienced in developing workflow-driven and event-based systems with a focus on reliable, maintainable software solutions.

EXPERIENCE

Software Engineer | May 2026 – Present | [Outamation Technologies Pvt. Ltd.](#) | Ahmedabad, Gujarat

- Developed a **full-stack Legal Case Management System** for VIA, a U.S.-based mortgage technology company, using **.NET Core, Angular, SQL Server, and Docker**.
- Built a **schema-driven dynamic form engine** that dynamically adapts UI components and form behavior based on workflow state, enabling configurable case-management processes.
- Implemented a **multi-tenant architecture** supporting **20+ isolated tenants**, enabling tenant-specific configuration and secure data separation.
- Developed a **rule-based work queue** for automated case assignment and workflow-driven task management, improving operational efficiency.
- Implemented **workflow version propagation**, reducing manual effort required to apply legal workflow updates by **40%**.
- Developed end-to-end features across **Angular and .NET Core**, building REST APIs, integrating dynamic frontend components, and implementing workflow activities and execution logic.

Software Engineer | Aug 2025 – May 2026 | [NSR Information Systems Pvt Ltd](#) | Remote

- Developed and maintained **event-driven healthcare integration systems** handling **500+ events/day** for real-time data synchronization with **15+** Practice Management Systems (PMS).
- Built scalable **REST APIs** using **.NET Core** and integrated **Azure Service Bus** and **Azure Functions** in distributed cloud environments.
- Implemented **asynchronous writeback workflows** and a **config-driven ETL pipeline** for incremental data processing.
- Improved code quality using **SonarQube** by resolving code smells, reducing complexity, and security issues.
- Wrote unit tests using **xUnit** and **NSubstitute** to improve test coverage and system stability.
- Used **Cursor IDE** for AI-assisted development, improving development speed and debugging efficiency.

Software Engineer Intern | Jan 2025 – Aug 2025 | [NSR Information Systems Pvt Ltd](#) | Remote

- Migrated a legacy monolithic system to an **event-driven architecture** using **Azure Service Bus** and **Azure Functions**, improving processing reliability and reducing system downtime.
- Developed and debugged backend integration modules in a cloud-based healthcare platform, supporting data exchange across multiple Practice Management Systems.

TECHNICAL SKILLS

Frontend:	Angular, JavaScript, HTML, CSS, REST API Integration
Backend:	.NET Core, ASP.NET Core, ASP.NET MVC, C#, REST APIs, Entity Framework Core
Architecture:	Full Stack Development, Workflow Management, Event-Driven Architecture, SOLID Principles, OOPS
Cloud:	Microsoft Azure, Azure Service Bus, Azure Functions, GCP (basic)
Databases:	MySQL, PostgreSQL, MongoDB, SQLite
Tools:	Git, GitLab, SonarQube, ClickUp, ClaudeAI, Cursor IDE, Datadog

PROJECTS

OpenDental Report Utility | .NET Core, MySQL, SQLite, Avro, GCP

- Designed a config-driven ETL pipeline for incremental data extraction from Open Dental (MySQL), staging in encrypted SQLite, and generating Avro files for cloud upload to GCP.
- Implemented schema mapping, delta sync, retry mechanisms, and JWT-based authentication; integrated Datadog for logging, error tracking, and operational dashboards.
- Deployed the utility across **42+ Open Dental locations**, ensuring consistent data processing and integration.

Answerly | MERN Stack, MongoDB

GitHub

- Built a MERN-based Q&A platform with authentication and CRUD operations for questions, answers, and blogs using RESTful APIs.
- Developed interactive features including likes, comments, and user profiles to improve user engagement and content management.

EDUCATION

Dharmsinh Desai University

May 2025

B.Tech in Computer Engineering (CPI: 7.92 / 10.00), Nadiad, Gujarat

ACHIEVEMENTS

- Microsoft Certified: **Azure Fundamentals (AZ-900)**, April 2025 [Certificate](#)
- Participated in **4** hackathons and placed top **30** out of 400 teams at **AceHack 3.0**.
- Solved **350+** DSA problems on LeetCode, CodeChef, and HackerRank
